AUSTRALIAN DECIMAL CURRENCY

On 14 February 1966, under the *Currency Act* 1965, a dollar/cent decimal currency system, with one dollar equal to 100 cents, was introduced in Australia. \$2 in the new currency are equivalent to £1 in the old.

In this publication all monetary amounts are expressed in dollars. Where necessary, monetary amounts that were originally expressed in the old currency have been converted to the equivalent amounts in the new system.
